## PFAS Chemicals & Marlen Textiles' Fabrics

As has been stated previously, quite a few Marlen Textiles fabrics have NEVER contained PFAS Chemicals, and as such have always been PFAS Free. Those fabrics are Odyssey, Odyssey Lite, Odyssey FR, Softouch, Top Gun, Top Gun 9, Top Gun FR, Top Gun FR Lite, & Top Gun Vision and Top Notch 7.

For the other products, we are moving to clear out any inventory that contains PFAS chemicals. For Top Gun 1S, Top Notch, Top Notch 9, Top Notch 1S and Softouch SD, and colors not listed are all PFAS Free. For the following items/colors, we still have some limited inventory containing PFAS chemicals (as of the date of this note): Softouch SD Navy, Pacific Blue & White; Top Gun 1S Harbor Blue & Sunset Red; Top Notch Red & White; Top Notch 1S Captain Navy & Red and Top Notch 9 Burgundy Weave.

For Top Notch FR, any inventory we do have DOES contain PFAS Chemicals.
