

TOP GUNTM VISION

Perforated Acrylic Coated Polyester

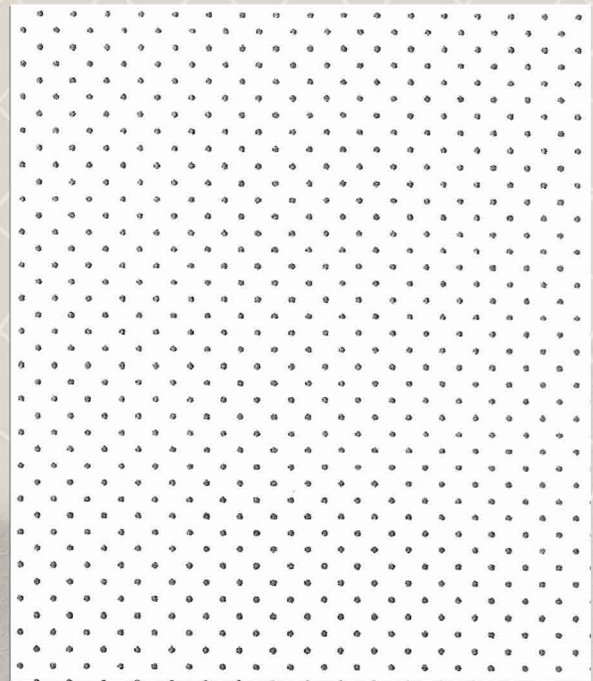

V471 Onyx Black

V467 Sea Gull Gray

V465 Hemp Beige

V468 Arctic White

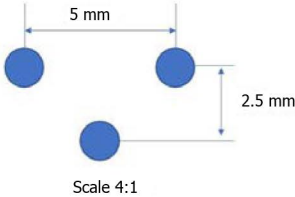

Marlen Textiles

Top Gun™ Vision is a perforated version of the award winning Top Gun™ ultimate coated fabric. Blocking almost 92% of light, Top Gun™ Vision is the ideal choice when you want to let some light through, or just want to see out. An acrylic coated, 100% woven polyester fabric in the Top Gun™ family of premium coated fabrics, it brings excellent strength, durability, tear and abrasion resistance, dimensional stability, UV and mildew resistance. Perfect for roller shades, side panels, shade screens, or anywhere where you want to let some light shine through.

Top Gun™ Vision, when you want to see the big picture.

TECHNICAL DATA

Characteristic	TOP GUN™ VISION	Characteristic	TOP GUN™ VISION
Width	62"	Shrinkage, Warp x Fill	0% x 0%
